Director of Public Works

NEW DEPARTMENT OF PUBLIC WORKS VIDEO

Attached you will find our new Department of Public Works Video on VHS.

This new video will give you a comprehensive look at the updated mission and responsibilities of Public Works. It reflects our foray in capital projects, our watershed management focus, and our increasing advances in environmental protection. While giving a brief overview of the many services we perform, the video also reflects the variety of jobs necessary to perform our tasks and demonstrates our focus.

I believe you will find it an impressive and effective presentation, while promoting a positive image of the County in general.

This new video underscores our commitment to the County Strategic Plan which emphasizes service excellence. The video explains to the public what services Public Works provides and is an effective recruitment and orientation tool for our workforce.

If you would like additional copies of the video, please call me or your staff may contact Donna Guyovich at (626) 458-4093.
